Dear Anthony:

I can't tell you how excited our committee is about partnering up with you again in the future! Having you contact us and introduce us to the consignment concept was just what we needed to give our charitable auction a boost in the right direction. Bob and I have been chairpersons for 10 years, and each year it becomes a little harder to find that "little something extra" to take us up a level. This year, it was the Bruce Springsteen Album that did it! We had a lot of positive comments from people about our items for auction.

Next year, we will take an even bigger leap of faith in our quest to raise money for the Boise and Meridian, Idaho fire prevention programs, and the Burnout Funds. Our committee is totally non-profit – there are about 16 of us who donate our time and few talents to this cause each year. We will be using your services again – and expanding our horizons to include some trips.

When you first contacted me, I thought "this sounds too good to be true"! I am so glad you persisted in educating me! The whole process is so easy, and virtually risk-free for the organization using your services and products. Whoever came up with this idea was brilliant!

Thank you again for your help, and we look forward to our event next year!

Sincerely,

Judy and Bob Ricketts, Chairmen  
Light My Fire, Inc
